Screening

Kindergarten screening activities include a review of informal social and health history, developmental areas, functional vision and hearing, and speech and language. Kindergarten screenings are held during the spring at the school district. Further screenings are conducted through the Instructional Support Teams in each school throughout the year for any student that may be in need of special education services.

Parents who wish to request screening and evaluation for their child may do so by contacting the principal or counselor in their child's school building.

Evaluations

If you believe your child needs special education services, an evaluation will be conducted by a team. The team shall be composed of the parents, persons familiar with the child's development, persons knowledgeable in such areas of suspected disability, persons trained in the appropriate evaluation techniques and, if possible, persons familiar with the child's cultural background. All information gathered through the screening and/or re-evaluation process is considered confidential under Section 438 of the General Education Provisions Act.
