

Meet Your School Counselor, Mrs. Rhoades!

Palmerton Senior High School

2014-2015 School Year

New Guidance Counselor for 9th and 10th Grade Students

Hello

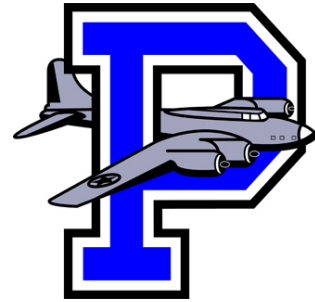

My name is Briel Rhoades and I am the new School Counselor at Palmerton Senior High School. This year, I am excited to be working with the 9th and 10th grade students. I will continue to serve as their guidance counselor as they move through the upper grades of the high school.

I look forward to meeting my students and their families. While, I will be meeting with my students, I also plan to have opportunities in which I can meet with their parents/guardians throughout the year as well. It is important to me that we connect and work together towards creating the best educational experience and opportunities for our students.

Please do not hesitate to contact me. I am thrilled to be serving as your School Counselor!

Allow Me to Introduce Myself

My Background

I attended East Stroudsburg University where I earned my Bachelor's in Social Work. I then worked in the mental health field while taking classes and earned my Master's degree in School Counseling from Eastern University.

I had the pleasure of working at three school districts and all three levels, Elementary, Middle and High School, during my internships. Last year I enjoyed working at Northwestern Lehigh High School as a substitute Guidance Counselor.

On a Personal Note

I love living in the Lehigh Valley, with its community feel and lots to explore. I enjoy many of "the valley's" hot spots, such as free outdoor concerts at Levitt Pavilion, walking downtown Bethlehem, and riding bike on the many rail trails.

I also play Ultimate Frisbee twice a week, walking, tennis and just being active.

My stress reliever is being outside, whether it's camping, sitting by the campfire, lying in the hammock, or just dining outdoors, I love the fresh air!
