

Dear Palmerton High School Learning Community,

I am truly sorry that we cannot be together this week to celebrate our teachers. I would love nothing more than to be able to celebrate them as we normally do. Please know that each day this week, I will be thinking even more than usual about our teachers. I am hoping that all our parents and students would take a minute or two to send an e-mail message or post something on social media letting our teachers know just how much you appreciate their efforts.

I know that principals everywhere may say this. But know that I truly believe it. At our high school, we have a tremendous teaching staff. I have seen them give of themselves in a number of different ways. Whether it be staying after school with a student, working with them on the court or field, spending time with our student musicians and actors, or even just being there to help with things, our teachers go the extra mile to help. It is obvious that they want our students to be successful. They do whatever it takes to be a positive influence.

I say this often and it comes from the bottom of my heart. The strength of the Palmerton Area School District is our community and particularly our students. And the way our teachers connect with them is simply impressive and heartwarming. As a high school learning community, let us appreciate and celebrate all they do for us!

Thank you!

Sincerely,

Paula A. Husar
Principal – Palmerton Area Senior High School

“It is impossible to thank a teacher. There are no words to appreciate someone whose words empower children to chase their dreams.”
