

Palmerton Area School District

Path to Reopening Schools: Health and Safety Plan – **DRAFT as of 7/24/20**

The Palmerton Area School District's *Path to Reopening Schools: Health and Safety Plan* outlines our school district's reopening activities and instructional plan for the 2020-2021 school year. As directed by the Pennsylvania Department of Education (PDE), the PASD's *Path to Reopening Schools: Health and Safety Plan (HSP)* was developed and tailored to meet the unique needs of the district. It has been created after reviewing recommendations from various health organizations. All district activities have been informed by [Governor Wolf's Process to Open Pennsylvania](#), [Centers for Disease Control and Prevention, July 16 DOH/PDE Guidance](#) and the [American Academy of Pediatrics](#).

As you know, Governor Wolf's plan has categorized reopening into three broad phases: red, yellow, and green. These designations signal how counties and/or regions may begin easing some restrictions on school, work, congregate settings, and social interactions. Depending upon the public health conditions in Carbon County, there could be additional actions, orders, or guidance provided by PDE and/or the Pennsylvania Department of Health (DOH). Although Carbon County is currently in the green phase, there may be times when the county moves into a different phase as public health indicators improve or worsen in our local area. The Palmerton Area School District's HSP accounts for changing conditions to ensure fluid transition from more to less restrictive conditions in each of the phase requirements as needed.

Palmerton Area School District

Path to Reopening Schools: Health and Safety Plan – **DRAFT as of 7/24/20**

Introduction: Key Strategies, Guidelines, Procedures and Addressing Community Spread

This action plan documents the Palmerton Area School District's thorough plan for each of the requirements outlined in the *Pennsylvania Department of Education's Preliminary Guidance for Phased Reopening of K-12 Schools*. The tables included identify a detailed summary describing the key strategies, guidelines, and procedures the PASD will employ to ensure the health and safety of stakeholders in the local education community. The HSP includes key information for employees, students, and families regarding the phased reopening of schools. Please be reminded that the purpose of the HSP is to address, as the name indicates, "health and safety" issues of the entire district. Other issues that are not directly related to health and safety will be addressed separately after the HSP has been approved.

As required by PDE, this District's HSP must be school board approved prior to the reopening of schools. It should be noted that this is a fluid document and, as such, may be changed based on the guidance previously noted. The plan will not be reauthorized by the Board of School Directors unless the change is needed for PDE approval. Guidance that mandates Board reauthorization of the HSP to ensure compliance will require a Board agenda item for action.

The following resolution was adopted and approved at the July 21, 2020 school board meeting:

WHEREAS, the World Health Organization has declared the current outbreak of COVID-19 a global pandemic; and
WHEREAS, the Pennsylvania Department of Education has determined that the COVID-19 pandemic constitutes an "emergency" within the meaning of Section 520.1 of the Public School Code; and
WHEREAS, the Board of School Directors has determined that the risks COVID-19 presents to our students, faculty, and community requires an extraordinary response;
NOW THEREFORE, the Board finds and declares that the COVID-19 pandemic is an emergency within the meaning of Section 520.1 of the Pennsylvania School Code.

For the duration of said pandemic but in no event for any period exceeding four years, the Superintendent shall have the duty and the authority to develop a Health and Safety plan in a form and manner prescribed by the Pennsylvania Department of Education that ensures a minimum of 180 days of instruction, allowing for a minimum of 900 hours of instruction at the elementary level and 990 hours of instruction at the secondary level, employing any combination of in-person, virtual, and distance learning as the Superintendent deems appropriate to address the health and safety of students, faculty, and community, and the learning needs of students. Such instruction shall comply in full with the requirement of Chapter 4 of the regulations of the State Board of Education and with the curriculum standards published in accordance therewith.

Palmerton Area School District

Path to Reopening Schools: Health and Safety Plan – **DRAFT as of 7/24/20**

Plan Highlights

<p>Teaching & Learning</p> 	<p>The PASD is offering two main options during the Green Phase as listed below. Parents will have the opportunity to select which option they prefer. Changes to the selected option will only be allowed at designated times throughout the school year.</p> <p><u>Option 1: Hybrid Learning</u> General Description: combined in-person and at-home instruction (days of the week assigned by the district) with live, real-time PASD teacher instruction/interaction</p> <p><u>Option 2: Virtual / Online Learning</u> General Description: Full at-home instruction with live, real-time PASD teacher instruction/interaction via a computer</p> <p>For parents who prefer a full cyber approach, please contact Mr. Dan Heaney, PASD Supervisor of Technology, at dheaney@palmerton.org for additional information regarding our Blue Bombers Cyber Academy.</p>	<p>Hygiene Practices</p> 	<p>Staff and students are expected to adhere to hygiene practices set forth by CDC and DOH (handwashing, sanitizing, respiratory etiquette). Personal Protective Equipment (PPE) will be utilized by staff and students in accordance with current CDC and DOH recommendations.</p>
<p>Daily Wellness Checks</p> 	<p>Prior to leaving home, students and staff members are required to take their temperature. Anyone with a temperature of 100.4 or greater and/or experiencing COVID-19 symptoms should not report to school/work and should contact his/her healthcare provider.</p>	<p>School Visitors</p> 	<p>Non-essential visitors and volunteers will not be allowed to enter the school building. Essential visitors should schedule an appointment, will be required to wear a face covering and complete a COVID-19 questionnaire upon entry into the building.</p>
<p>Face Coverings</p> 	<p>It is expected that all staff and students will wear approved face coverings in accordance with the PA Department of Health (DOH)/ Governor's order(s). Students must provide their own approved face covering/mask. Parents should put in place a cleaning process at home which will allow for routine cleaning of face coverings/masks.</p>	<p>Transportation</p> 	<p>Bus riders must wear a face covering/mask. Buses will operate with a maximum of two students per seat if needed. Cleaning and disinfecting frequently touched surfaces will occur. Walking to school and parent drop-off/pick-up are encouraged.</p>
<p>Cleaning & Disinfecting</p> 	<p>All cleaning supplies will meet or exceed local, state, federal, and CDC recommendations and guidelines. PASD staff use approved disinfectant and a process that ensures the cleaning and disinfecting of high-touch surfaces.</p>	<p>Meals</p> 	<p>PASD will implement alternate meal serving methods and may utilize additional spaces to establish a minimum of 6 feet of social distancing during breakfast and lunches. Meal areas will be cleaned and disinfected before and after eating.</p>
<p>Students or Staff Showing COVID-19 Symptoms While at School</p> 	<p>Anyone showing signs of illness will be quarantined and sent home immediately. If a case of COVID-19 is <u>confirmed</u>, the Department of Health (DOH) will provide guidance related to contact tracing, testing, quarantine, etc. This may result in a change to the instructional method, classroom/school closure, and/or a transition to online learning.</p>	<p>Social Distancing</p> 	<p>The PASD is planning for 6 feet of social distancing at all times. An exact 6 feet distance may fluctuate at various points during the day depending on the room size, number of students in attendance, etc. We will maximize the amount of space between students whenever possible.</p>

It must be noted that there are many common reasons other than COVID-19 that could explain someone not feeling well at a particular time. Notifications would not be warranted at this time.</p> <p><u>Returning isolated or quarantined staff, students, or school visitors to school</u> When can someone return to school after testing positive? After a positive COVID-19 test, a student/staff member may return 10 days from symptom onset (inclusive of 72 hours without a fever), without any additional testing required. If an asymptomatic student/staff member tests positive, local health authorities will fully investigate the case and recommend return criteria.</p>

Path to Reopening Schools: Health and Safety Plan – **DRAFT as of 7/24/20**

Type of Reopening

Based on your county's current designation and local community needs, which type of reopening has your school entity selected? **(SELECT ONE BOX BELOW)**

- Total reopen for all students and staff (but some students/families opt for distance learning out of safety/health concern).
- Scaffolded reopening: Some students are engaged in in-person learning, while others are distance learning (i.e., some grade levels in-person, other grade levels remote learning).
- Blended reopening that balances in-person learning and remote learning for all students (i.e., alternating days or weeks).
- Total remote learning for all students. (Plan should reflect future action steps to be implemented and conditions that would prompt the decision as to when schools will re-open for in-person learning).

Anticipated launch date for in-person learning (i.e., start of blended, scaffolded, or total reopening): **August 31, 2020**

Building Level Pandemic Teams

As referenced throughout this document, each building will have its own building specific plan. Principals will be creating building level pandemic teams to gather input and feedback from stakeholders during the creation of this document. If you are interested in serving on this committee, please contact your principal.

The building level team must consist of the following people:

- Principal
- Teachers
- Nurse/Health Room employee
- Guidance Counselor
- Support Staff (such as paraprofessionals, custodians, etc.)
- Parents/Guardians
- Other people at the discretion of the principal

As the building leader, the principal makes the final decision regarding what will be included on the building level plan.

Once completed, all building level plans must be submitted to Dr. Frankelli for final review and approval.

Once approved, all building level plans will be posted on the PASD website.

Palmerton Area School District

Path to Reopening Schools: Health and Safety Plan – DRAFT as of 7/24/20

Roles and Responsibilities for Health and Safety Preparedness and Response Planning

- Prevent accidents, injuries, and work/school-related illnesses in the schools.
- Create and implement health and safety policies in accordance with the latest legislation and to ensure that these policies are implemented by staff.
- Create and implement health and safety procedures/protocols/practices in accordance with the latest guidance and recommendations for the Department of Health (DOH) and Center for Disease Control (CDC) and to ensure that these procedures/protocols/practices are implemented by staff.
- Create a Health and Safety Plan and ensure it is regularly updated to reflect any changes to the law and/or guidance from federal, state, and local health officials. It's their responsibility.
- Ensure that each member of staff is aware of and adheres to the Health and Safety Plan.
- Provide regular inspections and risk assessments and ensure that any hazards or defects are rectified immediately.
- Maintain records and thoroughly investigate any accident, community spread illness, and recommend any improvements in health and safety standards if required.
- Provide training to all staff in health and safety issues and advise them on protective clothing and equipment where necessary.
- Serve as the key point of contact for any member of staff who has a query or concern regarding the health and safety of the workplace.
- Work closely with management, as well as health and safety inspectors.

Palmerton Area School District

Path to Reopening Schools: Health and Safety Plan – **DRAFT as of 7/24/20**

Health and Safety Plan Professional Development / Training

The success of your plan for a healthy and safe reopening requires all stakeholders to be prepared with the necessary knowledge and skills to implement the plan as intended. Professional learning plans are documented with the following components listed in the table below. This section will be updated throughout the summer as planning is finalized at all levels.

Topic	Audience	Lead Person and Position	Session Format	Materials, Resources, and/or Supports Needed	Start Date	Completion Date
COVID-19 CASD Custom Training: <ul style="list-style-type: none"> • Coronavirus Awareness • Coronavirus: Managing Stress & Anxiety • COVID-19 Stop the Spread of Germs • What You Need to Know About Handwashing • Review of Health & Safety Plan and Associated Protocols • Acknowledgement of Review of Health & Safety Plan and Associated Protocols 	All employees	Dan Heaney	Safe Schools Online Training or Group Face to Face Training	Device and Internet Connection	TBD	By the first day of school
COVID-19	Students	Teachers	TBD- Teachers will provide students with general COVID related information on the first day of school.	Traditional Instruction, Morning Announcements, Hallway Signage, Daily Reminders, etc.	First day of school	Repeated as needed
COVID-19 issues and general “rules of the road”	Parents & Students	Jodi Frankelli & Dan Heaney	TBD	TBD	July/August 2020	By the first day of school
Technology-themed training	Teachers	Jodi Frankelli & Dan Heaney	- Possible “flex” option for training teachers over the summer - This is tentative at this point. Further discussions will need to occur prior to moving further.	Computer/Laptop	TBD	By the first day of school

Palmerton Area School District

Path to Reopening Schools: Health and Safety Plan – **DRAFT as of 7/24/20**

Health and Safety Plan Communications

Timely and effective family and caregiver communication about health and safety protocols and schedules is critical. Schools should be particularly mindful that frequent communications are accessible in non-English languages and to all caregivers (this is particularly important for children residing with grandparents or other kin or foster caregivers). Additionally, LEAs should establish and maintain ongoing communication with local and state authorities to determine current mitigation levels in your community. Health and Safety Plan Communications is documented with the following components listed in the table below.

This section of the plan will be updated as needed.

Topic	Audience	Lead Person and Position	Mode of Communications	Start Date	Completion Date
General information provided to the community in my opening letter on the superintendent's page.	PASD Community	Jodi Frankelli, Ed.D. Superintendent	Website	July 1, 2020	ongoing
The public was notified that the plan's tentative release date is July 15.	PASD Community	Jodi Frankelli, Ed.D. Superintendent	School board workshop (via Zoom)	July 7, 2020	July 15, 2020 (with ongoing updates as needed)
Decision Tree	PASD Community	Jodi Frankelli, Ed.D. Superintendent	Website	August 2020	
Building-Level Plans discussion and dissemination	Parents, Students, & Staff at each building	Principal	Zoom meetings or another method at the discretion of the principals	August 2020

Path to Reopening Schools: Health and Safety Plan – DRAFT as of 7/24/20

Clubs/Extracurricular Activities: Health and Safety Plan

School: _____

Club Name: _____

Club Advisor: _____

Maximum number of students allowed to participate: _____

General Information:

- All clubs/extracurricular activities and advisors must be school board approved.
- All clubs/extracurricular activities must have a Health and Safety Plan completed and approved by the building principal prior to holding any club/activity events or publicizing the club to students/parents. This includes online events/meetings.
- The principal may ask for revisions to your plan prior to approval.
Changes/Updates to your plan may be necessary during the year based on recommendations and/or mandates from the Governor, CDC, PDE, etc.

Prior to the First Meeting/Practice:

An educational session must be held for students and their parents/guardians via Zoom (or another virtual format) to discuss signs, symptoms, and mitigation measures for COVID-19. Expectations and the entire contents of this Health and Safety Plan will also be discussed in detail to ensure understanding. Attendance will be taken. Students will not be permitted to attend future meetings/rehearsals until this requirement has been completed. Students and their parents/guardians will be required to return a signed copy of the *Parent & Student COVID-19 Safety Precautions and Return Agreement* when they arrive for their first meeting/rehearsal. The club advisor will also ensure that an adequate supply of hand sanitizer, face masks, and a "touch free" thermometer are available/present at all meetings/rehearsals.

Entrance Procedures:

We want to avoid any large gatherings or grouping as students arrive. Please do not linger in the halls or at the lockers.

- The advisor will provide the student with hand sanitizer and direct the students to their assigned seat.
- Students showing symptoms and/or with a temperature greater than or equal to 100.4 F will be sent home.

Palmerton Area School District

Path to Reopening Schools: Health and Safety Plan – **DRAFT as of 7/24/20**

- Should any student/advisor be diagnosed with COVID-19, all meetings/rehearsals will stop immediately. The principal will provide further direction based on the PASD's approved HSP.

The following safety precautions will be in place during any and all meetings/rehearsals:

- Masks and/or face shields will be worn by all advisors and students at all times.
- As much as possible, meetings/rehearsals will be held outside. All meetings/rehearsals will follow social distancing practices. The advisor will maintain 6 feet between students.
- When the situation requires a meeting/rehearsal take place inside the building, each student will be assigned a specific seat that allows for proper social distancing during the entire meeting/rehearsal.
- All students will be required to face forward in their seat at all times.
- Students will bring their own personal water bottle with them to meetings/rehearsal, and students will not be permitted to share.
- Only one student at a time will be permitted to use the restroom. Hand sanitizer will be provided upon their exit and return to the meeting/rehearsal area.
- Each student and their parent/guardian will be required to return the 'Parent & Student COVID-19 Safety Precautions and Return Agreement' indicating their acceptance of these procedures and agreement to follow all guidelines as directed. (See Attached)
- Safety is of the utmost importance. The advisor reserves the right to remove a student from the meeting/rehearsal as necessary. This is at the discretion of the club/activity advisor and/or the administration.

Exit Procedures:

At the end of each meeting/rehearsal, students will be provided with hand sanitizer and be dismissed from the building one at a time. Students will head directly to the parking lot for departure/pick-up.

Note:

All clubs/extracurricular activities are different. Because of this, the advisor and/or principal may implement additional guidelines and procedures as needed.

Palmerton Area School District

Path to Reopening Schools: Health and Safety Plan – **DRAFT as of 7/24/20**

Parent & Student COVID-19 Safety Precautions and Return Agreement

Due to the continuing challenges surrounding the COVID-19 pandemic, we will be enacting extra precautions and safety guidelines. To better prevent the spread, please review the guidelines and expectations listed below.

Parents/Guardians are required to do the following:

- It is important for parents/guardians to understand that there must be joint responsibility between the school and the parent to ensure that all students and staff are kept as safe as possible during these difficult times. Continually monitor your child for symptoms of COVID-19 and keep him/her home when ill.
- Comply with all safety measures and guidelines listed within this plan.
- Be patient, understanding, and respectful of all safety procedures.

Students are required to do the following:

- Wear a mask (or other approved face covering) at all times.
- Bring your own water bottle and do not share with others.
- After your Health Monitoring and Temperature check, head directly to your assigned seat and face forward. Do not leave your assigned seat or mingle with others.
- Maintain a safe distance of at least 6 feet from all other people whenever possible.
- Stay home if showing symptoms of COVID-19 or any other illness.
- See your advisor for permission to leave the meeting/rehearsal space to use the restroom and always sign in/out.
- Only touch items that are your own or those that you are required to use at the direction of the advisor.
- Comply with all safety measures and guidelines listed within this plan.

I have read this information and agree to participate in meetings/rehearsals. I will follow all listed safety precautions and guidelines, as well as directions given by the advisor and/or administration. I understand that I will not be permitted to participate if I do not comply with these procedures by returning this signed form.
