RE: Keystone Exams

Dear Parents / Guardians,

On May 16-20 and May 23, many of our high school students will be participating in the Keystone Exams. These tests are assessments done at the end of particular courses. They are required for students who have Mathematics (Algebra I), Science (Biology), and English 10 (Literature) classes. The tests are designed to assess proficiency in these subject areas. The results give us useful information to help us evaluate curriculum, teaching, student engagement, and effort. These tests are also part of the mandated requirements issued by the commonwealth. The test scores will also be reported on student transcripts. Students will be scored as Advanced, Proficient, Basic, or Below Basic. The passing grades are Proficient or Advanced. Students who have Biology, English 10 (second semester course), and Algebra I (full year course) will be tested. Students who previously took the exams and did not score Proficient or Advanced will also be retesting at this time.

Students not being tested on the Algebra I Keystone dates will have a 2 hour delay schedule if they have their own ride to school. The busses will run at the regular time. If students do not have their own transportation and normally take the school bus, they must take the school bus and arrive at school at their regular time.

The Algebra I Keystone test will be offered on May 16 and 17. The Biology Keystone exams will be offered on May 18 and 19. The Literature Keystone exams will be offered on May 20 and 23. The make-up days for these exams will be May 24-31.

As a parent or guardian, you have the right to review the Keystone exams prior to the examination period. This review must be done between May 9 and May 13. Reviews do not require an appointment. If you review the tests and believe that there is a conflict with your religious beliefs, you must notify the Superintendent of Schools in writing outlining the conflict.

Here is her address ...

Dr. Jodi Frankelli
Superintendent of Schools
680 Fourth Street
Palmerton, PA 18071

You can also contact her via e-mail: jfrankelli@palmerton.org

During the actual tests, students are not permitted to have any electronic devices. If they enter the classroom with a device, we are required by the commonwealth to collect it. We do not have the option of simply telling them to put it in their locker. We are required to collect it. The device will be returned after the exam is completed. Here is the related statement from the Pennsylvania Department of Education ... "In an era of cell phones,

smartphones and other electronic devices which can easily photograph and instantly share photographs, confidential and secure test materials can easily be compromised. Penalties for violations of the Copyright Act may include the cost of replacing the compromised test item(s) or fines of no less than \$750 up to \$30,000 for a single violation.” Please remind your child of this restriction.

We have been identifying ways to ensure that our students have optimal test taking conditions. You can certainly help us in this area. As a parent, please make sure that your child gets plenty of rest each night before the test. Also, please make sure that they eat a good breakfast before coming to school.

As always, students will be able to have bottled water during the testing process. We will also provide a small snack to the students along with pencils and erasers. The school will be providing calculators to the students for the tests. If a student brings his/her own calculator, it will have to be approved by a teacher.

And finally, we ask that you make sure that your child is in school on the test days. Make-ups are not conducive to positive test taking results. Your child will be notified of the testing schedule.

If your child does not score at or above the “Proficient” level, we might have to alter their school schedule in the Fall as part of a remediation effort when we receive the test scores in July.

Just a few important dates for you as we close out the school year. There is no school on May 6 as it is a teacher professional development day. The Senior Prom is also scheduled that evening. May 30 is Memorial Day and schools are closed.

If you have any questions, please do not hesitate to contact us.

Sincerely,

Paula A. Husar
Principal
