IMPORTANT INFO

How do I place my picture order?

- All picture orders are placed online at danscamera.com/pictureday

When do I place my picture order online?

- Online ordering will be available as soon as you receive your School Code from your student's teacher. Orders will be accepted until 4 days after your school's scheduled picture day. Ordering before picture day is recommended.

I have more than one student, can I combine orders?

- NO - All orders must be placed and paid for separately to ensure that a student's portrait order is delivered to the correct classroom. Please use the School Code given to each student when ordering. If your students attend different schools each school will have its own specific School Code. Using the wrong School Code can result in your order not being delivered to the school.

Are proof images available for Fall photos?

- Fall photos do not operate on a proof ordering system. Fall photos are available for pre-order online before picture day.
- Four days after picture day, online ordering is closed while we print the orders. All students with no orders will get a reminder card sent to the school with a small photo and a personalized Student Code to use for placing a late order. These are delivered with the printed orders sent to the school. The ordering window will then reopen for the remainder of the school year.
- Late orders are not returned to the school, they must be picked up at our store or shipped to your home.

Can I still place an order for photos after the original picture day ordering has closed?

- Yes, you can place a late photo order. Ordering is closed while we print the orders, but it will reopen when we deliver the original orders back to the school.
- Any student who did not place an order will receive a reminder card with a specific Student Code that will be delivered to the school with the original picture day orders. You will then be able to place a late order using your Student Code.
- Late orders are not delivered back to the school and you will need to choose to pick them up at Dan's Camera City Allentown or FastSigns of Easton at no additional charge or have them mailed to you for an additional shipping fee.
